

Please do not displace K-LOVE with an LPFM broadcaster. It is a wonderful addition to our community. It serves our family and community by supply possitive, encouraging, safe music and talk for the whole family to enjoy. I never have to worry about something being inappropriate for my little ones to listen to. If K-LOVE were gone there wouldn't be a fun safe station available for our family to enjoy together. Our community needs a possitive, encouraging station to turn to. Please do not allow an LPFM broadcaster to take the place of the best family station available, K-LOVE.

Thank You,

Jamie Brandt
